Please help your child practice their multiplication facts prior to their return to school. These facts will help with their success in math throughout the year. Students can practice with flashcards or by using www.multiplication.com. In addition to practicing facts, please encourage your child to read for at least 20-30 minutes a day. Regular reading promotes fluency and comprehension skills in our learners. Thank you for your continued support and cooperation. We are looking forward to a wonderful school year!

All the best,
The Hilltop Fourth Grade Teachers
